### Full specification

PIONER 16 EXPLORER (PRICE LISTED AS BASIC MODEL)

The Pioneer 16 Explorer is a practical and versatile helm console boat that suits a wide range of applications. The

large space on board is popular, and that it is both quick and economical with a 60-horsepower engine.

The boat is based on 60 years of experience in manufacturing boats in polyethylene, a sustainable material. Modern design has been combined with smart solutions. You can choose between different equipment options, e.g. wide control helm, one or two narrow helms with hydraulic control, different seating solutions and many practical accessories.

The boat is easy planing, has good sea characteristics and is self-draining. It is approved for up to a 60 hp engine and has high potential for speed. Even if you choose a smaller engine, you will find that you get a lot of boat for your money. This is the optimal Norwegian-made summer house, family, everyday and work boat.
